

# How to sort your waste

## Leave at the recycling station (ÅVS)

<p><b>Colorless glass packaging</b> Cans and bottles only! <b>Note!</b> Returnable bottles are deposited at the store. Light bulbs are electrical waste (ÅVC).</p> 	<p><b>Metal packaging</b> Rinse the package clean. If it is a tube, empty it as much as possible and leave the cork in place.</p> 	<p><b>Paper packaging</b> Recycle both cardboard and bags. Rinse, flatten and fold the package.</p> 
<p><b>Stained glass packaging</b> Cans and bottles only! <b>Note!</b> Drinking glass, mirror glass, windows, porcelain and ceramics you leave them. in Glass/Porcelain/ Ceramics.</p> 	<p><b>Plastic packaging</b> Hard as well as soft plastic and polystyrene. Lay them loosely in the same container, as they are separated in mechanical re-sorting.</p> 	<p><b>Newspapers and printed matter</b> Also books with a soft cover and spiral bound writing pads <b>Note!</b> No envelopes and sticky notes.</p> 

## Leave it at the recycling center (ÅVC)

**Reuse**

**Recycling stations.**  
Here you can leave things you are tired of but that others can use.

**Stopped furniture**   **Combustion**

**Only bulky waste, not ordinary household refuse.**  
For example, furniture, mattresses, wallpaper, linoleum carpets, CD-discs, VHS cassettes and things which cannot be recycled in another way.

**Plaster**   **Toilet bin**

**Environmentally hazardous waste**   **Electricity waste**

**Everything that is powered by cord or battery, batteries and paint residues, solvents, varnish, glue, oil residues, chemicals, spray cans, material containing a mercurial.**  
For example, consumer electronics, low-energy light bulbs, fluorescent lamps, clocks, telephones, chargers, toys. Label chemicals (write unknown if you are not sure) and seal tightly, preferably use the original packaging. Do not mix different wastes.

**Garden waste**

**For example, grass, moss, leaves, brushwood.**  
Must not contain tree stumps, stones, large tree branches or plastic bags.

**Impregnated wood**   **Treated wood**   **Untreated wood**

Sort impregnated, untreated and treated wood separately.

**Other plastic**   **Plastic packaging**

**Other plastics and plastic packaging which are not discard at ÅVS.**  
For example, plastic bags, packaging that are non-consumer, plastic toys, plastic chairs, garden furniture, buckets and cans.

**Corrugated fiberboard**   **Ash**

**Metall**

**All metal which is not a package.**  
For example, pots, tools, bicycles, gutters, downpipes, rims without tires. Tires are left where you purchase new ones.

**Fat**

Get an ECO funnel at the recycling center (ÅVC) for easy handling and recycling of cooking fat.

**Glass/Porcelain/ Ceramics**

**Materials which cannot be burned or recycled.**  
For example, porcelain, ceramics, drinking glass, mirrors, fuses, plugs, clay pots.

**Drugs**

Leave it at the **Apotek (Pharmacy).**

Thank you for recycling!
